

Deaf Children Development Conference **September 11th** **2012.**

DCAL is 6 and half years old now, we have carried out a lot of research and we want to share it with you. How much do you know about us? How much does our research inform your work with deaf children? Are you interested in what else we are planning to do the next 4 years?

Then come along to our one day research update and collaboration conference at **City University, Northampton Square, London, EC1V 0HB at 9.30am – 4.30pm. There is no registration or attendance fee – its FREE!!**

We will be explaining our findings from our past research in an accessible and relevant way with suggestions for practice and policy making. We will be chairing a question and answer session with leading experts and asking **you** your opinion and advice on what we should be doing in the future. Plus we will have information stalls, interesting research demonstrations, freebies, refreshments and lots more to do and find out about!

Amongst some of our invited speakers will be the DCAL directors and associated researchers, Sue Archbold from the Ear Foundation, Gwen Carr from the Newborn Hearing Screening Programme, Hilary Sutherland a Deaf Research Consultant, Ian Noon a Campaigns Officer for the National Deaf Children's Society, Brigitte Francois Director from SignVideo, Robin Ash a Community Development Team Manager from the British Deaf Association, Helen Foulkes from the Family Sign Language Project, Ros Herman Senior Lecturer in Deafness and Hearing Impairment at City University and other experts in education and mental health areas.

Who should attend?

Teachers of the Deaf
Speech and Language therapists
Audiologists
Professionals working with deaf children
Parents of newly identified deaf babies
Parents of deaf children
Deaf or hearing people interested in DCAL's latest research

Come along to find out about research, share your ideas and see what DCAL is all about. We will have BSL interpreters available all day.

Register here <http://deafchildsdevelopment.eventbrite.com>, its FREE – don't forget to submit your burning questions about any area of a deaf child's development for the panel!

Lilli Risner
Deaf Community Liaison Officer
